ZOOM: Jim Peters, Tim Bueschen

- 1) Meeting opened at 6:00 PM
- 2) Selectboard approves prior meeting minutes and signs warrants
- 3) Tyler Adkins officially opens meeting to public comment

PUBLIC COMMENT

Stacy Shorey, Superintendent of RSU# 68 stated that RSU#68 received \$1.7 million from the American Rescue Plan and explained what the school plans to do with the money. One of the uses for the money is a new central office building. The existing space will be used for 2 additional classrooms and a sensory room. The school building needs a new roof and the school needs stage lighting for the drama club, classroom furniture and special education space. The vote for the project will take place on December 7 and if approved, work will begin in the spring and be completed by September.

Tyler asked several unmasked people at the meeting to please put on a mask. A brief argument ensued about the mask requirement at which point the meeting was adjourned until December 2.

Meeting adjourned at 6:15 pm
