Don Hudson,  
President, Maine Chapter of the  
International Appalachian Trail

The International Appalachian Trail celebrates 25 years in 2019. Don Hudson will tell the story of how the proposal to connect the three highest mountains in Maine, New Brunswick, and southern Quebec — on the Gaspé Peninsula — grew to include all of Atlantic Canada, and how the decision to trace the arc of the North Atlantic Ocean Basin resulted in the IAT winding its way through northwestern Europe to Morocco.
