Tel: (207) 997-3641 Fax: (207) 997-3785

Town Manager Report 8/27/20

Town Office/Town Clerk

- Nothing of note, seems to be slowing down which will allow time for other projects again.

Public Works

- Excavator arrived this week, road projects have begun.
- Other than road work, there will be work done to the civil war cemetery hopefully in the next week.

Fire Department

- Site work for the new communication tower will be next week
- Fundraising/meet the truck event was a success
- Dry Hydrants are scheduled for install next week

Transfer Station

- Nothing to report

Town Manager

- Downtown WIFI install is back on track. A new power outlet needs to be installed at the church; electrician is coming to look at it next week. Then the gym is all set to installed once the church is all set.
- If the select board meetings are moved to another location, then work will begin to update and rehab the meeting room.
- Instead of a beautification committee I and Colleen Pinkerton are working on getting a group of dedicated volunteers to take care of most of the beautification work along with brainstorming what to do.
- The town owns a valuable print of Bernice Abbot that we will be looking to get appraised and insured.
- Tax Liens for unpaid 2019 taxes will be filed at the end of next week or beginning of the week after. We took advantage of the new easing the time requirements for filing liens to give people more time.
