Tel: (207) 997-3641 Fax: (207) 997-3785

Town Manager Report 9/10/20

Town Office/Town Clerk

- Purchased a new printer for motor vehicles registrations to speed the process up and also need to purchase new phones as well.
- Townspeople are regularly using the online registration service for motor vehicles.

Public Works

- Tree trimming and roadside repairs have been completed on the Elliotsville rd
- The snowplow turn around and wash out ditch on Forrest Ave have been fixed.
- Roadside repairs have begun on Willimantic rd.
- Winter Sand is getting close to being completed.

Fire Department

- Dry Hydrants being installed this week

Transfer Station

- To improve the look the transfer station we are looking into buying cement dividers for the different areas and materials kept there.

Town Manager

- Downtown WIFI install is back on track. A new power outlet needs to be installed at the church; electrician is coming to look at it next week. Then the gym is all set to installed once the church is all set.
- Something went wrong with TRIO when the new fiscal year started and I spent a considerable time working on figuring it out but have reached my knowledge limit, so I am getting help from Vernice Boyce now.
- We did have gentleman ask about the opening of a **medical** marijuana store in Monson and I am currently looking into how the law affects our local ordinance.
- Work is continuing on updates to the website, a new site map has been developed.
- Clock motor is fixed and, on its way, back to us.
- Sorting out the headstones and markers at the church side cemetery has begun.
