Town Manager Report 10/8/20

Town Office/Town Clerk

- Work on completed the revamp of the former library/meeting space has begun. Much of the “junk” is gone now. There are prices being gathered for flooring work.

Public Works

- PW is finished their part of getting the ground ready for the new fire communication tower.
- YTD cost of PW road projects completed created for select board
- Only road projects left are Moosehorn culvert and figuring if we can do something on Homer Hill

Fire Department

- Communication tower moving still moving forward, there was a snag with where the guide wires need to be placed.

Transfer Station

- Work should begin soon on building of the benches that will come from the town working with Melissa Miller to collect plastic at the transfer station.

Town Manager

- Getting an electrician to the church for the outlet needed for the WIFI is proving hard. I have started call ones outside of the county.
- Working with the state on getting funds to help a local resident with a septic issue.
- A lot of work done the past couple weeks has been little items that don't take time but there's lot of them so they all take time, such as answering emails etc.
- Starting to look more into funding/grants for improvement to the basketball/tennis/recreational area at the gym.
